The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 3, 7, 28, 30-34 and 38-40 stand withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected inventions and species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 1/5/05.

Claims 1 and 35 are rejected under 35 U.S.C. 102(b) as being anticipated by Luca -4278047.

The rejection of record is maintained, we choose to interpret the claim broadly, giving wide scope to effective amount of a cross adapting agent, and see this terminology covering the Benzalkonium chloride able to function as an antimicrobial, effective as both an anti-fungal and an antibacterial cross adapting single agent. We so not see the specification as required to interpret this claim. It is sufficient to read the claims as we have.

Claims 29, 41 and 42 are allowed.

Claims 2-6, 36, 37 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1616

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
